## EDUCATION

- Indian Institute of Information Technology Una, HP** 2023-27  
*B.Tech CSE* Current CGPA: 8.25
- D.A.V Public School Khagaul, Bihar - 12th** 2022  
*Percentage: 94%*
- D.A.V Public School Khagaul, Bihar - 10th** 2020  
*Percentage: 95.8%*

## PORTFOLIO WEBSITE

- Personal Portfolio Website** Portfolio  
*Showcases projects, technical skills, resume, and blog. Fully responsive and clean UI.*
  - Tools & technologies used: React.js, Tailwind CSS, HTML, CSS, Javascript, GitHub Pages
  - Built a personal portfolio to highlight full-stack and frontend skills.
  - Demonstrates design sense and technical abilities. Continuously updated with latest work.

## PERSONAL PROJECTS

- Alumni Connect | Full Stack Web Application** GitHub Repo  
*Built a dynamic platform to bridge the gap between current students and alumni.*
  - Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, Socket.io, Multer, bcrypt.js, MongoDB (with Mongoose) & Cloudinary
  - Developed a platform connecting students and alumni to foster networking. Features include real-time private and global chats (Socket.io) and Razorpay integration for donations. Built an AI chatbot using OpenAI API for user queries and leveraged Cloudinary for secure media storage.
  - Implemented a job board where 100+ users applied for roles, with resume uploads and application tracking.
  - Received positive feedback from faculty and encouraged for further development.
- Coding Extension | Full Stack Web Project** GitHub Repo  
*A Chrome extension to bookmark coding questions and store notes on platforms like LeetCode, GFG.*
  - Tech Stack: JavaScript, HTML, CSS, React, Node.js, Express.js, Chrome APIs, MongoDB (with Mongoose)
  - Enabled users to access their notes from anywhere using a login system, and use them across platforms without restrictions.
  - Implemented topic and platform-based filters enabling 3x faster retrieval of saved questions
  - Built for cross-platform use, with over 200+ coding problems bookmarked during testing.
  - Deployed extension locally and tested across 3 major coding platforms, achieving 95%+ stability in data sync.

## TECHNICAL SKILLS AND INTERESTS

**Languages:** C, C++, HTML, CSS, JavaScript

**Developer Tools:** VS Code, Git, GitHub, Postman

**Frameworks:** React.js, Next.js, Express.js, Node.js, Tailwind CSS, Bootstrap, Mongoose, vite

**Cloud/Databases:** MySQL, MongoDB

**Soft Skills:** Problem-Solving, Communication, Collaboration, Time Management, Critical Thinking

**Coursework:** DSA, DBMS, Web Development, Operating Systems, Computer Networks

## POSITIONS OF RESPONSIBILITY

- EPMOC**, Member of Social Media Team 2023-2025
- ZENITH**, Volunteer 2024-2025

## ACHIEVEMENTS

- Competitive Programming:** Solved 350+ DSA questions across LeetCode, GFG, Codeforces, etc.
- Rating:** 1582 LeetCode rating, consistently among top 20% in contests.
- Achievement:** 97.64 Percentile in JEE Mains
